Gentlemen:

Transmitted herewith are 30 prints each of the fifth and sixth floor fit-up drawings. These drawings have been bound-up into two sets: one set for the architectural work, and one set for the mechanical and electrical work. We have also provided a sepia of each drawing for your use and record.

In addition to the drawings, we are forwarding herewith a narrative developed by the A-E which describes certain scope changes to the base contract work. These changes that are circled on the drawings will be the subject of a future change order now designated as CE #84.

Sincerely,
